A MESSAGE FROM YOUR PRINCIPAL, Rennie Nickell

Welcome to Hinton Secondary School! At Hinton, we recognize that student’s experience great changes intellectually, socially, emotionally, and physically during the years between elementary and graduating high school. We have dedicated, caring, staff members that are committed to help students successfully transition through these years. We offer many programs and services to meet the unique needs of young adolescent learners. Since middle/high school is a time of growth and exploration, students actively participate in a wide range of elective classes to discover their interests. The school offers several programs during the school day after school, and over the summer for students who need extra academic instruction. There are a multitude of extracurricular and cocurricular offerings for students. Online grade reporting is also available for students and parents to help increase communication between home and school regarding student progress. If you have any questions or concerns that arise throughout the school year, please feel free to contact your child’s teacher or the school office. I hope that each student will have an enjoyable, rewarding, and positive experience at Hinton Public Schools this year.

General Information

This student handbook is composed of most of the rules and regulations that students will need to know while attending Hinton Public Schools. However, it does not include every rule, regulation, qualification, or other relevant information of the district or building policies. Hinton Public Schools will not waive student's responsibilities simply because a state regulation, district, or building policy is not included in this handbook. We will make every effort reasonably possible to see that students are informed either verbally or in writing. However, it is the students' responsibility to know the rules that they must live by in this school.

Students and/or parents wishing to see the policies and standards for the school district may view a copy of these documents in the principal's office.

The staff wishes you a very successful year. We encourage open communication between parents and teachers, and we ask parents to bring their concerns to the school's attention so they can be resolved at the lowest level.

Hinton School Song

Dear Hinton High School,
You are my school.

We'll fight and strive to
Win your lasting glory and fame.

Brave foes may meet you,
None will defeat you.

Your sons and daughters will live
To glorify your name.

Accidents

The school will administer only minimal first-aid in case of injury if a parental consent form is on file for the individual student. If the injury is serious, the parents, doctor or emergency room technician will be notified immediately. In the event of serious injury, an accident report will be filed in the principal's office.

Alternative Education

The Hinton Alternative Education site is located in Fort Cobb and serves the districts needs as required by the Oklahoma State Department of Education. The alternative program serves grades 6-12 and 'at risk' students in the district. Criteria for "At-Risk" identification are based on academic performance, attendance, behavior and personal family issues. For further information contact the principal's office.

Announcements

Announcements should be kept brief and related directly to school activities and must be authorized by faculty sponsor and administrator. Students are responsible for compliance with the information given.

Asbestos Notice

The U.S. Environmental Protection Agency has required that all public and private schools inspect all school buildings for the presence of asbestos, and further to develop a management plan which identifies, defines procedures for managing, and schedules re-inspection of all asbestos present in the school. The management plan may be reviewed at your child's school during normal working hours.

Assaults upon School Employees/Students

It is the policy of the Hinton Board of Education to encourage the prosecution of any person who commits assault, battery, or assault and battery upon the person of a school employee or student or threatens and places an employee or student of the public schools in immediate fear of bodily harm while the employee or student is in the performance of his/her duties as a school employee or student.

Student victims of sex offenses have the right to be separated from their offender as well as the siblings of that victim. The student victim's decision with regard to separation will be final.

Assembly Schedule, Purpose, and Expectations

Assembly programs and pep assemblies are held for several purposes; some to teach, some to entertain, some to honor, some to display school spirit, etc. Good student behavior and responsibility in assemblies is of the utmost importance. Students are expected to show extreme courtesy and attention in assemblies. Each student should observe appropriate rules of etiquette so that the Comet tradition will be held in high esteem. Attendance at assemblies is required. Failure to report to assemblies will be considered skipping and will result in disciplinary action.

Additionally, as young adults, you are expected to:

1. Follow assembly instructions as given to you by a teacher or administrator.
2. Sit where you are assigned to sit.

3. Avoid talking, yelling, clapping, or indicating your approval or disapproval when such is not appropriate (ex: The National Honor Society induction requires silence; pep rallies require audience participation). Even at pep rallies there is a time to cheer and a time to listen. Know when those times are and respect them.

4. Honor and respect the dignity of the program.

5. During pep assemblies, students will not be dismissed until the Fight Song is complete.

6. You are not responsible for the way in which other people treat you, but you are responsible for the way in which you treat other people.

7. Disciplinary action will be taken against those students who are disruptive or uncooperative. An assembly, pep rallies, etc. may be discontinued if the behavior continues to be inappropriate.

Athletic Code of Conduct for Spectators

The following conduct code for spectators was drafted by the Oklahoma Secondary School Activities Association and should serve as a model for sports fans at all high school athletic events.

BELIEVING THAT sportsmanship is a by-product of a spirit of tolerance and good will, and the centering of attention on the good qualities involved; and BELIEVING THAT conduct is an important part of the school's athletic program; I pledge to act in accordance with these principles.

As An Athletic Spectator, I will:

1. Exemplify the highest moral character, behavior, and leadership so as to be a worthy example.

2. Maintain and exhibit poise, self-discipline, and restraint during and after the contest.

3. Conduct myself in such a manner that attention is drawn not to me, but to the participants playing the game.

4. Regulate my action at all times so that I will be a credit to the team I support, knowing the school gets the praise or blame for my conduct since I represent the school the same as does the athlete.

5. Support all reasonable moves to improve good sportsmanship.

6. Treat the visiting team and spectators as guests, being courteous and fair.

7. Avoid actions, which will offend the individual athlete.

8. Accept the judgment of the coach.

9. Honor the rights of visitors in a manner in which I would expect to be treated.

10. Respect the property of the school.

11. Display good sportsmanship by being modest in victory and gracious in defeat.

12. Pay respect to both teams as they enter for competition.

13. Appreciate the good plays by both teams.
14. Show sympathy for an injured player.
15. Regard the officials as guests and treat them as such.
16. Direct my energies to encouraging my team rather than booing the officials.
17. Believe that the officials are fair and accept their decisions as final.
18. Learn the rules of the game in order to be a more intelligent fan.
19. Consider it a privilege and duty to encourage everyone to live up to the spirit of the rules of fair play and sportsmanship.
20. Realize that privileges are invariably associated with great responsibilities and that spectators have great responsibilities.
21. Obscene cheers, littering of basketball courts, the throwing of objects, and verbal indignities directed toward visiting athletes, spectators or referees have no place in high school athletics.

Building Hours

Students are not to arrive at school until after 7:35 am. When students arrive at school in the morning, they must wait until the 1st bell rings at 7:55 am to enter the hallway/outer buildings. Students may check with the morning duty teacher or principal if they need to enter the hallway early. No hanging out in the hallway before school. Students may enter the hallway for teacher assistance before 7:55 am with teacher permission.

Child Nutrition Program

Breakfast will be served from 7:35– 7:55 am each morning. Students planning to eat breakfast should be at school no later than 7:45 am. Lunch menus will be available in the office. Weekly menus will be posted in the daily bulletin. Free and reduced meal applications are available and will be sent home with all students the first week of school. A NEW FORM MUST BE FILLED OUT EACH YEAR TO BE ELIGIBLE. The forms must be completed and returned to school as soon as possible. Lunch charges will not be allowed for more than 2 weeks unless parents have made prior arrangements with the school. Any student who owes for breakfast/lunch from previous year will not be allowed to charge until previous charges are paid in full. Lunchroom privileges will be terminated for anyone 2 weeks delinquent on payment of lunch charges.

*If a student is allergic to milk or any other food, a note from a physician should be sent to the school office.

Closing School (Bad Weather)

Announcements regarding school closing and delayed opening times due to bad weather will be made on radio and television stations and through School Reach.

Code Blue (Announced Code)

Any unusual disturbance at the school, teachers and students should:

1. Call 911 and leave the phone off the hook.
2. Determine where the problem is located, inside the building or outside the building.
3. If inside the building, exit the building through the safest window or door.
4. If outside the building, remain in a safe place within the building.
5. After determining the type of problem, take appropriate actions.
6. If you hear shooting, be sure to protect yourself with anything you can.

*One or more scheduled drills per school year.

Code of Conduct

Student behavior in Hinton Public Schools is based on respect and consideration for the rights of others. Students have a responsibility to know and respect the rules and regulations of the school. Students have the further responsibility to behave in a manner appropriate to good citizenship everywhere.

Concerns of Students & Parents

GRIEVANCE PROCEDURE: PARENT-TEACHER -

The Hinton Board of Education realizes that parents have a fundamental right to discuss any grievances they might have with the district. However, it is also recognized that there must be an orderly procedure for hearing and resolving grievance issues.

If the grievance is directed toward a teacher, the parent shall be requested to make an appointment to visit with the teacher in an effort to resolve the grievance.

If the grievance is not resolved following a parent/teacher conference, the parent will be requested to discuss the problem with the principal.

If the grievance is not resolved following the principal/parent conference, the parent shall be requested to schedule an appointment with the superintendent.

If the grievance remains unresolved following the above conferences, the parent may appeal the grievance to the board of education. The board's action shall be a final determination of the grievance.

Crisis Management

Hinton Public School has a crisis management plan. The purpose of a crisis plan is to better prepare everyone and ensure the safety of our students in the event of a real crisis. Parents can view the plan in the principal's office.

Custodial and Noncustodial Parental Rights

It is the policy of the Hinton Board of Education that a parent who is awarded legal custody of a child by court action shall file a copy of the court decree awarding such custody with the school. If the custodial parent does not wish the child to be released to the noncustodial parent, an appropriate written instruction should also be filed with the school. Absent a court decree to the contrary, both natural parents have the right to view the student's school records; to receive school progress reports; to visit the child briefly at school; and to participate in parent/teacher conferences.

Dangerous Intruder Code Blue

Teachers will ensure their doors are locked and move the students to a section of the room where they are out of the line-of sight. Students should be seated and remain quiet. Students in the hallway should go to the closest classroom.

*Two intruder drills will be conducted per semester.

Delivering Messages to Students

We will be unable to deliver messages to students during class time, except in cases of an emergency. We understand that parents may feel the need to get in touch with students during the school day, but we cannot stop the instruction of the other students in the class for any reason other than an emergency. The nature of the emergency must be specified to a school official before classroom activities will be interrupted. Under normal circumstances, emergencies exist when conditions arise that make it impossible or impractical to delay the message until later. Arrangements for routine matters such as rides to and from school, car and house key delivery and pick – up, job times, meeting places, etc. should be made before the student arrives at school. Any non-emergency notes or deliveries will be made between classes.

Diabetes Management in Schools Act

A student with diabetes will have a medical management plan while at school and while participating in activities.

Dismissal Times for Non-Emergencies

So as not to interrupt instructional times, except for emergencies, we prefer to dismiss students only during the time when they change classes. Students may also be dismissed when they are at lunch, but only if a parent notifies the office. If a student leaves school without notification, they will receive an unexcused absence.

Driving Between Classes to AG will not be allowed.

Driver's License Information

On order to park on school grounds you must provide insurance verification and a driver's license. When those documents are turned in you will receive a parking pass to be places in your vehicle. You are not allowed to park without the pass.

Drug Free School

In recognition of the clear danger resulting from drug abuse and in a good faith effort to promote health, safety, and welfare of employees, students, and the community as a whole, Hinton Public Schools will provide a drug free school in compliance with the Drug Free Schools and Community Act Amendments of 1989 (P.L. 101-226). The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance, alcoholic beverage, or illicit drug is prohibited anywhere on school premises or as part of any activities. Use or possession of any tobacco products by students is prohibited. Use of any tobacco products by employee is prohibited on school premises. Hinton Public Schools drug policy is attached at the end.

Expectations of Students

Every individual is entitled to courtesy and consideration in relationships with fellow students and with instructors. Students must earn this courtesy and considerations by extending the same respect to every person they meet during the course of the day. Only under unusual circumstances should students enter a class while in session. If there is a need the student must have permission from the sending and receiving teacher.

Items such as i-pods, yo-yo's, hacky-sacks, pocket video games, etc. should not be used inside the building. If such items are used inside the school, they will be confiscated and turned into the principal's office. Confiscated items will be kept in the principal's office until the end of the school year unless a parent comes to pick up the item.

Family Education & Rights to Privacy Act (FERPA)

ANNUAL NOTIFICATION

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (eligible students") certain rights with respect to the student's education records. They are:

(1) The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. They should write the school principal clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate

educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board: a person or company with whom the District has contracted to perform a special task (such as an attorney, auditors medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, the District discloses educational records without consent to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, D.C. 20202-4605

In compliance with this policy, the District proposes to designate the following personally identifiable information contained in a student's education record as "directory information":

1. The student's name.
2. The student's extra curricular participation.
3. The student's achievement awards or honors.
4. The student's weight and height if a member of an athletic team.
5. The student's photograph.

The above list will be considered directory information and may be disclosed unless notified as follows:

Upon this notification student's parent/legal guardians or eligible students will have two weeks to advise the school district in writing (a letter to the school superintendent's office) of any or all of the items they refuse to permit the District to designate as directory information about that student. These are the major points in summary and are not intended to represent the plan in its entirety.

Fire Drill Instructions

Evacuation maps are posted in every classroom on campus. Upon hearing the alarm, the teacher in charge of the class will designate a person to lead the way from the building, going to the exit, which has been designated, on the FIRE DRILL PLAN. Students will leave SINGLE FILE, using only one side of the exit and grouping quickly at the rendezvous area. The teacher will be the last to leave the room, closing the door, turning off the light, and will check roll after the class has regrouped outside.

Failure to report to the designated area will result in disciplinary action.

Tampering with the Fire Alarm System or Fire Safety Equipment (Fire Extinguishers) is illegal, as is making false hazard reports. Violators in these areas will be subject to suspension, expulsion, restitution, and/or legal action.

Head Lice

In order to limit the spread of head lice, teachers, the school health aide and other staff will perform “head checks” on a regular basis, beginning with the first week of school. For these efforts to be effective, the following procedures are necessary:

All students with any head lice or nits must be picked up immediately, when the school health aide, secretary, or other staff notifies the parent or emergency contact person. HHS Mission: To maximize every student’s academic potential and personal responsibility!

After your child has been properly treated, you (or another adult) must bring your child to the school health aide to be checked. Please do not just send your child back to school. If the health aide finds your child to be nitfree, your child will be allowed to go to class. If any lice or nits are still in the hair, your child will have to be taken home. Your child will be allowed back in class only after the health aide has checked and he/she is nitfree. Seven to ten days after returning, your child will be rechecked at school. If lice or nits are found, you will need to treat your child again.

Highly Qualified Teachers

No Child Left Behind Act of 2001

Parents Right to Know

According to Section 1111 (6) (A) – Qualifications, the parents of any student attending Hinton Public School may request, and the district will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student’s classroom teachers, including, at a minimum, the following:

1. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

According to the Act the information listed above must only be provided to parents who request the information.

Homework Statement

It is imperative that students, parents, and educators realize the importance of independent practice, study, and the responsibilities and self-discipline associated with his/her independence. Homework is a natural extension of classroom instruction and does provide a necessary expansion of curriculum objectives. Parents should be fully informed of homework expectation as well as other components of the curriculum. It is desirable to provide an environment, at home, conducive to good work habits and also provide appropriate enrichment, support, and encouragement to the child. The focus of homework is that of expanded learning opportunities. The responsibility for success in this area is that of all parties,

students, teachers, and parents. Successful practice of this responsibility will allow students to experience success at their own rate and in a more self-directed environment.

Immunizations

The Oklahoma State Board of Health, effective with the Fall, 1996 semester, requires children entering kindergarten, or 1st grade without attending kindergarten, to have received 5 doses of DTP or a combination of DTP and DTP vaccines totaling 5 doses (unless the 4th DTP/DTP was received after the 4th birthday) and 4 doses of polio vaccine (unless the 3rd dose was received after the 4th birthday).

Effective with the Fall, 1997 semester all students entering the 7th grade must provide documentation of having received 3 doses of hepatitis B vaccine. Since completion of the series of 3 doses of hepatitis B vaccine require 4-6 months parents should plan for this requirement while the students are in the 6th grade.

Effective with the Fall, 1998 semester all students entering kindergarten, or 1st grade without attending kindergarten must provide documentation of having received 3 doses of hepatitis B vaccine. Please note that hepatitis B vaccine is now routinely recommended for all children beginning in infancy.

Every subsequent year the hepatitis B requirements will be extended by one grade level. It is the intent of the law that all students, regardless of age or circumstances, have received hepatitis B vaccine if they are in these grade levels. All children transferring from other school districts or other states; all students in these grade levels due to retention; and all students in transitional levels between these grades; are also required to have hepatitis B vaccine.

Students entering kindergarten and 7th grade in the Fall of 1998 will be required to have had two doses of hepatitis A vaccine, with the first dose on or after the second birthday and the second dose six to eighteen months later.

Students entering kindergarten the Fall, 1998 will be required to have had one dose of vermicelli (chickenpox) vaccine given on or after the first birthday, or a parent's statement of a history of the disease will be accepted.

Children following a medically approved schedule of completion of an immunization series may be allowed to attend school. However, the school is responsible for ensuring that the series is completed. Parents or guardians are required to present a schedule for completion of the required immunizations that has been signed by a licensed physician or public health authority. This means that students who have not completed the hepatitis B vaccine series or any other vaccine series when the semester starts may attend school while completing the series.

Oklahoma's School Immunization Law allows exemptions to immunization for medical, religious or personal objectives. The exemption forms are available from the Oklahoma State Department of Health. Schools should maintain a supply of Certificate of Exemption forms for parents and guardians claiming an exemption from the immunization requirements for their children.

Insurance

The school system assumes no financial responsibility for medical cost of an accident occurring to a student while participating in a sport or other school activities. An accident insurance program is offered for your convenience. The Insurance Company compensates neither the school nor any school official. We have selected an Insurance Company that provides student accident insurance through approximately 400 school districts in Oklahoma. The school accident insurance will be made available at enrollment time. Insurance is not compulsory and the school cannot be held responsible in case the payment of claims do not meet expectations of students and/or parents.

Library Media Services

All students are eligible for Media Center privileges. The Media Center is open from 7:45 am to 3:15 p.m. daily.

1. In the event that a teacher must send a student to the library, the student must have a signed pass from the teacher.
2. General reference books may be checked out for one day at a time.
3. Lost or damaged books must be paid for at the full replacement cost.
4. Students with overdue books will not be permitted to check out other books until those overdue have been returned to the library or paid for.
5. Books may be checked out for two weeks.
6. No food, drinks, or candy allowed in the library except on special occasions.
7. Teachers will schedule class library time with the librarian in advance to insure proper use of the library.

Meningitis Public Health Information

What is meningitis?

Meningitis is an inflammation of the tissues that cover the brain and spinal cord. Bacteria, viruses, or fungi may cause meningitis. Viral meningitis is the most common form of meningitis and is caused by an infection with one of several types of viruses. Meningococcal meningitis is caused by the bacteria *Neisseria meningitidis*, and causes a more severe disease that requires prompt treatment of the patient with antibiotics. For bacterial meningitis, it is also important to know which type of bacteria is causing the meningitis because antibiotics can prevent some types from spreading and infecting other people.

What are the symptoms of meningitis?

Symptoms may include fever, rash, headache, stiff neck, nausea, vomiting, and fatigue. Since viral and bacterial meningitis often have similar symptoms, it is important to see a healthcare provider immediately if you or your child has these symptoms.

What causes meningitis and how is it spread?

Approximately 90% of viral meningitis cases are due to a group of common intestinal viruses called enteroviruses. These viruses are typically spread from person to person through direct or indirect contact with fecal material, usually on unclean hands or contaminated environmental items. Viruses can be passed on to others beginning about three days after someone is infected until about 10 days after symptoms occur, although very few exposed persons develop meningitis. Bacterial meningitis can be caused by bacteria which are spread by direct contact with saliva or respiratory droplets from the nose and throat of an infected person.

How is meningitis diagnosed and treated?

It can be confirmed through lab tests performed on spinal fluid. There is no specific treatment for viral meningitis, most patients will recover on their own with rest and fluids, however health care providers will recommend medicine to relieve fever and headache. Antibiotics specific for the bacterial cause are used to treat bacterial meningitis.

Should people who have been around a person infected with meningitis receive any treatment?

Antibiotics are only recommended as a preventative measure for those persons who were in close contact and exposed to a case of meningitis caused by the bacteria *Neisseria meningitidis*. Casual contact are not at an increased risk of disease and do not need antibiotic.

How do you prevent meningitis?

Hand hygiene is the single most important action to prevent the spread of infection to others and to you. Wash visibly soiled hands with soap and water, after using the toilet, after changing diapers, and before preparing and eating food. Use alcohol based hand gels when hands are not visibly soiled. In institutions, washing objects and surfaces with a diluted bleach solution is recommended. The routine recommended childhood vaccines protect children from some of the common causes of meningitis such as the Hib. These and other vaccines are available and are recommended for certain people at increased risk of complications from a bacterial infection such as the elderly or immunocompromised persons or people living in certain group settings.

Any person who is requested to leave the premises shall be unable to return to the premises without the written permission of the administration for a period of six months.

Philosophy & Academic Information

Our democratic form of government and our way of life depend entirely upon how well the public schools do the job of educating our boys and girls and training them for responsible citizenship. This is the purpose for which the system of free public schools exists.

Inherent in our philosophy of life in the United States is the belief that all members of society shall lead productive lives. As such, education, either directly or indirectly, is geared to this goal. Because our heritage has developed the idea that work is an integral part of our lives, education strives to implement this idea so that our way of life will be perpetuated through individual success.

The basic foundation of our educational system rests in the principles set forth in our country's constitution; therefore, our function in the Hinton Public Schools is to provide the opportunity for each student to develop the skills and attitudes, which will promote these ideals. To achieve this end, the school will attempt to foster adequate emotional stability, intellectual understanding, physical development, spiritual enrichment, and social competence.

The school will take its place beside the home and the church in helping each child establish standards by which he or she may live and develop those qualities and attitudes that will enrich and strengthen his or her life.

District Outcomes & Educational Goals

It is the goal of the Hinton Board of Education that, as graduates of Hinton Public Schools, each individual will be:

- * Positive community contributors and responsible, integrated citizens
- * Self-directed learners with fundamental academic skills
- * Problem solvers with survival skills
- * Effective communicators
- * Quality and goal-oriented performers/producers
- * Cooperative learner/workers

Dropping Classes

Students must attend all classes that they are enrolled in until the end of the term even if they are failing the class or have lost credit due to absences. We expect students to continue attending class in such situations because we believe that there is value in the scheduled class without officially dropping. A student not attending the class will be considered truant and will be subject to disciplinary action.

Students who are absent for any part of the day or all day for ten consecutive days without any valid reason will be dropped from the roll. This could include a student being absent from one period per day for ten consecutive days. Upon being dropped from the roll, students will be reported as truant to both the District Attorney and the Department of Transportation. If a student is withdrawn by the administration for non-attendance, that student will not be permitted to re-enroll without a parent conference and proof of residency.

Eligibility

The Oklahoma Secondary Schools Activities Associations Eligibility Policy will be enforced for participation and attendance at all extracurricular activities (this includes assemblies, concerts, ballgames, dances, vocational activities, etc.) for each student. A student must be in attendance 90% of the time to be eligible to participate in any school sponsored extracurricular activity.

Academic eligibility for the following week will be determined each Friday and will be based on grades through Thursday of that week. If a student receives a failing grade in any class, that student is declared to be on academic probation. When a student receives a failing grade for a second consecutive week, regardless of which class, the student is declared to be academically ineligible. Said student will remain ineligible for participation in extracurricular activities until he or she is passing all classes. **THE INELIGIBILITY PERIOD WILL BEGIN ON MONDAY AND END ON SUNDAY.**

A student who does not receive passing grades in five subjects for the semester will become ineligible for the first six weeks of the following semester at which time their eligibility will be determined. After this six-week period, said student will remain ineligible for participation in extracurricular activities until he or she is passing all classes.

If student is enrolled in athletics and not participating in the current sport, they will report to the off-season program. After that sport's season is over, they may then attend the next current sport's class.

Guidance Services

The purpose of the guidance department is to help you in planning your school program, in preparing for your vocational or college interest, resolving your personal problems or preparing you for the world of work. Guidance counseling is available for individual consultation on any problem. Information concerning colleges and careers is available in the counselor's office.

Students should have the sending teacher's permission before going to the counselor's office.

Otherwise, the counselor will send a request for a student to go to their office. Students must check in with their classroom teacher before going to the counselor's office. If the counselor is not available, the student is to sign an 'appointment sheet' outside the counselor's office and the counselor will send for the student as soon as possible. Students are not to wait outside the counselor's office unless directed to do so by the counselor. The counselor will send the student back to class as soon as possible.

Grades will be assigned and will count on the students GPA and class rank.

Mid-Term Grades

A progress report will be sent to the parents/guardians during the fourth week of every quarter (via the student).

Proficiency Based Promotion

Students may take Proficiency Examinations to test out of any subject area. Administration of proficiency based promotion tests occur once every nine weeks. Students must score 90% or above to be considered PASSING. Students will receive a Pass as a grade on their transcript. If a student fails the test, nothing will appear on the transcript, nor is the student penalized in any way. Registration for these tests will be required twenty-one (21) days in advance of the assessment date. Students and Parents must notify the High School Counselor on the dates listed below in order to take a Proficiency Test on the date of the testing in any subject area. Middle School Promotion Policy

To achieve promotion, sixth, seventh, and eighth grade students must receive a passing grade in ten (10) semesters of class work during the school year. Six (6) of the ten (10) semesters of classwork must be from core classes (science, math, social studies, language arts, reading, ect.) Students who do not achieve promotion will be retained. Summer school may be provided by the school district. If adequate success in current year math and reading course work, as demonstrated on OSTP test, is not achieved. Students will be required to be remediated the following school year during the school day by retaking courses or participating in arranged remediation if available. If courses are required to be retaken, electives will be reduced.

As currently provided by the state law, parents may appeal retention to the Hinton Board of Education. Proficiency Based Promotion shall be available as per state law and state Department of Education guide lines. Students interested in proficiencybased promotion should contact their principal.

The act authorizes a court to award attorneys' fees to the prevailing party in a civil lawsuit brought against a school district.

Students will be required to take the semester test in all classes. Teachers are to keep students in their rooms the entire testing period.

Suggestions for Effective Studying

First, develop a good philosophy of education. Decide what you want out of life. Then, realize that only hard work can help you achieve your goal. Learn to look at school not only as a present way of life, but also as a preparation for a more satisfying adult life. Some of the following suggestions can help you to become the student you wish to be.

1. Begin your day by allowing yourself time in the morning for a leisurely preparation for school. Studies have shown that a student who eats a good breakfast is in a better physical and mental condition for class work.
2. When you report for class, concentrate on the subject at hand; participate in the class discussion, even though the particular topic may not interest you. You will get out of a subject as much as you put into it.
3. As a safeguard against forgetting, write down the assignment, taking full notes on both required and suggested tasks and suggestions on how to study the material. If illustrative examples are given, copy these. Later, review these notes.
4. Before launching into the study of a lesson, determine what materials will be needed, such as reference books, paper, notebooks, writing materials, etc. By having these at hand, valuable time and effort can be saved.
5. Learn to utilize your study time. A lot of work can be accomplished in an hour's time if a student really gets down to business.
6. For home study, find yourself a special place to study where you will have adequate light and privacy. Set aside a certain time each evening to do your homework, and stay with it until you feel you have mastered it.
7. In doing written problems, recheck your answers to be sure they are correct and thereby review yourself on your method of working them.
8. In studying reading matter, observe the following efficiency rules:
 - a. Scan the entire chapter quickly, looking at headlines and subtitles, to see what you are going to read.
 - b. Read through quickly once to get the general thought.
 - c. Read through again, trying to "react" in some way to everything read by agreeing, disagreeing, and comparing.
 - d. Stop occasionally to see how well you can recall the more important points. Writing them down from memory is a good plan. Take notes for questions.

Withdrawal Procedures

The procedure for withdrawing from school is as follows:

1. Authorization for withdrawal must be made by telephone or in person by your parent or guardian to the principal's office.
2. Obtain appropriate form from the principal's office.
3. Have the form signed (1) by your teachers, (2) the Library Media Center, (3) the Principal. All school books and property need to be turned in at the time of withdrawal.
4. Return completed form to the main principal's office for final clearance.

5. All financial obligations must be cleared before final withdrawal.

Class Ranking

* Class rankings will be updated at the conclusion of every semester.

Additionally, the following provisions will be followed:

1. All college courses will be posted on the student's transcript.

3. Students will be bump a grade based on the letter grade they receive from the college. (Example: A student making a "B" will receive an "A" on his/her official transcript).
4. If the concurrent course does not align to Priority Academic Student Skills (PASS), the student will receive elective credit. These credits will be posted on the transcript.

1. Four units of English to include Grammar, Composition, Literature, or any English course approved for college admissions.
2. Three units of mathematics, limited to Alg. 1, Alg. 2, Geometry, Trig, Math Analysis, Calculus, AP Statistics, math course with rigor above Alg. 1 and approved for college admissions.
3. Three units of laboratory science, limited to Biology, Chemistry, Physics, or any laboratory science course with content and rigor equal to or above Biology and approved for college admissions.

7. One unit or set of competencies of fine arts, such as music, art, drama, or one unit or set of competencies of speech

REMEMBER!!!! Graduation requirements and college entrance requirements are not the same. Work with counselors and principals to be sure you meet requirements.

Please be informed that the Oklahoma State Regents for Higher Education approved a regulation on April 3, 1998, that requires students to be proficient in the use of computers when they graduate from Oklahoma's two-year and four-year colleges.

Colleges and universities may choose one or more of the following three options for their students: 1) successfully complete a high school computer science course (one or more units) that meets the State Regents' high school curricular requirements, or 2) satisfy an institution's computer proficiency assessment, or 3) successfully complete college-level course work that the institution designates. Although this is a college graduation requirement and not an admission requirement, it provides an incentive for students to develop their computer proficiencies while still in high school. Computer science is one of the subject areas high school students can use to meet the 15-unit curricular requirement for college admission.

Oklahoma Higher Learning Access Program

For more information or a complete listing of requirements, contact the Oklahoma State Regents for Higher Education at (405) 524-9100. The program provides resident tuition for courses needed to complete a degree or program within five years from award. House Bill 2728 changed the eligibility requirements for OHLAP raising the family income threshold from \$32,000 to \$50,000.

To be eligible, students must:

1. Be a resident of Oklahoma
2. Make a commitment to the program as an 8th, 9th, or 10th grader

5. Have a family income of \$50,000 or less
6. Have been admitted and enrolled in an institution of higher education or postsecondary career-tech program.

Attendance Information

Absences & Excuses

The Board of Education believes that attendance in regularly scheduled classes is a key factor in student achievement. Thus, any absence from those classes represents an educational loss to the student. The board recognizes, however, that the curricular program of the school also has educational benefit. Therefore, it shall be the policy of this board to minimize absenteeism from regular classes while providing students the opportunity to participate in co-curricular activities.

In accordance with the policy of the Board of Education, each student in High School is required to attend each class a minimum of 88% of the time in order to receive credit for that class. A maximum of 10 days a semester may be missed for excused absences, school activities, absence by arrangement, unexcused absences, or truancy in any one class.

EXCUSED ABSENCES will be granted for the following reasons:

1. Personal or family illnesses
2. Medical appointments
3. Legal matters, including service on a grand, multi-county grand, or petit jury
4. Extenuating circumstances deemed necessary by the principal
5. Observance of holidays required by student's religious affiliation.

It is the responsibility of the parent to notify the school by 8:00 am if a child is to be absent for one of the above reasons. The school will contact those students' parents who do not call. If no contact is made, the parent must send a note or call the day the child returns before the student can be excused. The student may promptly make up all work missed without penalty. The student will receive one day for every day missed to make up the work. It is the responsibility of the student, on the day of return, to make arrangements to see that the work is made up.

SCHOOL ACTIVITY

1. The student will be allowed to be absent from the classroom for a maximum of ten days per year to participate in activities sponsored by the school.
2. Five additional days may be given upon request and approval by the Activity Review Committee.
3. Only state level competition will be exempt from the 10-day rule.
4. The student will be allowed to make up any work missed while participating.

ABSENCE BY ARRANGEMENT

1. The student may take up to 10 days of absences by arrangement per semester.
2. A student may make up all work missed without penalty. It is up to the student, on the day of return, to make arrangements to see that the work is made up.
3. In order to take an absence by arrangement, the parent, or guardian, must submit, at least two days prior to the absence, a written request for the student to be absent. If the request is not made as required, the absence will be treated as an unexcused absence.

Any student who exceeds the 10-day limit may appeal to the board of education for reinstatement of credit. Consideration will be given as to the reason for the absences as well as to the attempts by parents to minimize the absenteeism.

Parents must call in advance before students are allowed to leave the school building. If the school is not notified prior to a student leaving campus, the student will receive an unexcused absence.

Absences – Unexcused

These are any absences that do not fall within one of the above categories. Such as, students who are absent due to suspension, truancy (skipping), students sent home to change inappropriate clothing, students absent without knowledge of parent or guardian or when parent or guardian does not notify the Principal's office. (Slips from professionals may be accepted in office.) Work may be made up. Eleven (11) absences will result in the student not receiving credit for the semester. Unexcused absences could result in disciplinary action such as parent/student conferences, detention, corporal punishment, Saturday school, and/or suspension.

Truancy

A student is considered truant when absent from the classroom without the knowledge of either the school or the parent.

Make – Up Work

It is the responsibility of the student to make up any work missed during an unexcused or excused absence. For an absence, the student will be given one (1) day for each day he/she was absent to make up work that was missed, UNLESS he/she knew in advance that the work was due on the day of the absence. For excused absences, the student will receive credit for their work. For students participating in activities, if they are going to be gone from school, they are required to pick up their work prior to the absence. The work must be turned in upon return to the school.

All assignments made on the day the student is absent must be turned in according to the following policy: When a student returns to school, he/she will have time equivalent to his/her absence to make up work missed during the absence. Work due on a day missed because of illness must be turned in on the day the student returns unless prior arrangements have been made between the teacher and student. The student should initiate these arrangements. The same applies for any test(s) missed due to absence.

All final decisions on attendance will be left to the discretion of the Principal.

Hinton High School Rules

This student handbook is composed of most of the rules and regulations that students will need to know while attending Sayre High school. However, it does not include every rule, regulation, qualification, or other relevant information of the district or building policies. Hinton High School will not waive student's responsibilities simply because a state regulation, district, or building policy is not included in this handbook. We will make every effort reasonably possible to see that students are informed either verbally or in writing. However, it is the students' responsibility to know the rules that they must live by in this school. Each teacher and administrator will strictly enforce all school rules. Students and/or parents wishing to see the policies and standards for the school district may view a copy of these documents in the principal's office.

Bullying and Harassment

The following procedures will be used by any person for the filing, processing, and resolution of a reported incident of harassment, intimidation, bullying, or threatening behavior. The procedures are to be followed by the administration of the school district in an effort to determine the severity of the incident and the potential to result in future violence.

Definitions

1. "Harassment, intimidation, and bullying" means any gesture, written or verbal expression, electronic communication, or physical act that a reasonable person should know will harm another student, damage another student's property, place another student in reasonable fear of harm to the student's person or damage to the student's property, or insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Harassment, intimidation, and bullying include, but are not limited to, gestures, written, verbal, or physical acts, or electronic communications.
2. "Electronic communication" means the communication of any written, verbal, or pictorial information by means of an electronic device, including, but not limited to, a telephone, a cellular telephone or other wireless communication device, or a computer.
3. "Threatening behavior" means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

Procedures

The procedure for investigating reported incidents of harassment, intimidation, and bullying or threatening behavior, is as follows:

1. The matter should immediately be reported to the building principal. If the bullying involved an electronic communication, a printed copy of the communication as well as any identifying information such as email address or web address shall be provided to the building principal. As much detailed information as possible should be provided to the building principal in written form to allow for a thorough investigation of the matter.

2. Upon receipt of a written report, the building principal shall contact the superintendent and begin an investigation to determine the severity of the incident and the potential for future violence.
3. If, during the course of the investigation, it appears that a crime may have been committed the building principal and/or superintendent shall notify local law enforcement and request that the alleged victim also contact law enforcement to report the matter for potential criminal investigation.
4. If it is determined that the school district's discipline code has been violated, the building principal shall follow district policies regarding the discipline of the student.
5. Upon completion of the investigation, the principal or superintendent may recommend that available community mental health care options be provided to the student, if appropriate. This may include information about the types of support services available to the student bully, victim, and any other students affected by the prohibited behavior. If such a recommendation is made, the administration shall request disclosure of any information that indicates an explicit threat to the safety of students or school personnel provided the disclosure of information does not violate the provisions or requirements of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of Oklahoma Statutes, or any other state or federal laws relating to the disclosure of confidential information.

Food and/or drinks are prohibited in the classrooms, with exception for special occasions.

Cheating

Students are encouraged to do their best on all assignments and tests. Students caught cheating may be given a zero for the test/daily work and may forfeit their right to make up the work. Teachers, Parents, and Administrators should communicate to insure the best possible testing and work habits for our students.

More specifically, cheating involves, but is not limited to the following actions:

1. To use the work of another person as your own.
2. To copy information from another student's test, examination, them, book report, term paper, or notebook (unless allowed to do so by teacher).

6. To furnish to another student information which can be used to cheat.
7. Grade tampering of any kind.

1. Focus on the game and supporting our team, not on harassment of opposing players.
2. Be enthusiastic, but do not lose control.
3. Stay off the floor/field during the contest.
4. Sit on the bleachers, not on the floor.
5. When an opposing player is hurt, do not make fun of him/her.

This includes lunchtime.

Corporal Punishment

The District recognizes corporal punishment as a means of discipline. However, corporal punishment shall be used only as a last resort and only after other reasonable corrective measures have been used without success. Corporal punishment may be administered only after consultation with the principal or the principal's designee and the parent or guardian, and with the approval of the parent or guardian, and only in the presence of another certified employee. Corporal punishment shall only be administered in the principal's office or another location where some degree of privacy exists. Student acts of defiance to school personnel could result in suspension out of school.

Derogatory Language

Detention

Teachers have the right to issue detention to students due to their disregard of school rules or classroom rules. The detention will be assigned at the discretion of the individual teacher.

Discipline Policy

The school's primary goal is to educate, not discipline. However, when the behavior of an individual student comes in conflict with the rights of others, corrective actions are necessary for the benefit of the individual and of the school.

Oklahoma State Law (70-6-114) gives the teacher the same rights as parents to control and discipline such a child according to local policies. The following schedule is an aid to them in control and discipline. However, every possible incident cannot be spelled out. Therefore, teachers may discipline or control

incidents not covered by the policy in a responsible manner that they deem necessary at the time the child is in attendance or in transit to or from the school or any other school function authorized by the school district. Teachers shall enforce this policy in a reasonable manner.

Other possible corrective actions include warning students that continued infraction may result in more severe consequences, removing students from class, before or after school detention, alternative placements, financial restitution, if necessary, and referral to social agencies, if appropriate. The administration may impose punishment that would prevent a student from participation in and attendance at extracurricular activities. In addition, student discipline consequences may include an inability to participate in the graduation ceremony, prom, prom activities, school dances, and/or class trip.

Suspension alternatives may include In School Detention (ISD) or out-of-school suspension. Refer to the Suspension Policy for requirements for short-term suspensions (1-10 days) and long term suspensions (11 or more days).

On any infraction, all parties involved will be given the opportunity to express themselves.

Additionally, administrators and teachers shall have the authority to enforce other reasonable actions, which they find warranted by a situation not covered in the discipline policy.

Dress Code

The Hinton School District has established a code to govern dress in the school. The District recognizes the right of student expression in the manner of dress. Students have the right to choose their own grooming and clothing styles, provided that such apparel is not disruptive to learning or discipline. For the purposes of this policy, hazing is defined as an activity that recklessly or intentionally endangers the mental health or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization sanctioned or authorized by the board of education.

"Endanger the physical health" shall include, but is not limited to, any brutality of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, alcoholic beverage, drug, or controlled dangerous substance; or other forced physical activity which could adversely affect the physical health or safety of the individual.

Students will report to lunch detention immediately after the 12:05 bell and will remain the entire lunch period. A sack lunch will be provided to the student from the school cafeteria at the expense of the student. Absolutely no outside food or drink is permitted.

Parking – Student Vehicle

The Hinton Board of Education will permit student use and parking of motor vehicles on the high school campus only. Students are permitted to park on school premises as a matter of privilege, not of right.
